JUSTIN'S BARBERSHOP

For those seeking a modern day barbershop with an old school vibe, head to Justin's, which has locations in Colts Neck and Manalapan among other destinations. The namesake founder has come a long way from where his career first took root—cutting hair in his parent's garage. Specializing in a variety of cuts, Justin's expert staff can cut everything from traditional styles to more mod varieties that feature "line art" such as tribal symbols or sports numbers.
